REMARKS

Included with the Office Action dated October 13, 2000 was a partially initialed Form 1449. The following Japanese language references, which were not accompanied by either an English translation or an English abstract, were not initialed by the Examiner:

61-144690

6-69964

2598406

It is not known whether the Examiner has considered these three Japanese language references.

The Form 1449 was filed with a copy of an English translation of the International Search Report which cited the three Japanese language references and indicated "the degree of relevance found by the foreign office" that conducted the search. This satisfies the requirement for a concise statement of relevance. (See the right-hand column of 1138 TMOG 40 dated May 19, 1992).
